

Be Part of The Solution

San Mateo County's Alcohol and Other Drug Prevention Team
Wants To Hear From YOU!

1 in 4 students say they have recently used alcohol or other drugs

Did You Know?

- In San Mateo County, **27% of students (9th-11th graders) report using alcohol or other drugs** within the past 30 days
- **20.2 million adults (8.4%)** in the U.S. had a substance use disorder in the past year

TELL US how to prevent substance use in San Mateo County!!

Who Should Attend?

Parents, Youth, Community-Based Organizations, Consumers of Behavioral Health Services and Family Members, Counselors, Faith-Based Leaders, and Other Community Stakeholders.
